A message from LAF CEO Barbara Deutsch

Many, many thanks to all who supported LAF in 2022 — it was a monumental year and we couldn't have done it without you! LAF and our partners delivered the Grounding the Green New Deal Summit, the culmination of a nearly 2-year effort that explored the intersection of design, justice, and the climate crisis. We also laid the groundwork for LAF Ignite, an influential new program for BIPOC students, in preparation for its 2023 launch. We'll continue to use our programs, resources, and thought leadership to empower landscape architects to create a more just and sustainable future.

A handwritten signature in black ink that reads "Barbara". The signature is fluid and cursive, matching the name of the CEO mentioned in the text.
